Leading today for tomorrow

April 5, 2016

Dear Resident or Businesses Owner:

RE: Multi-use Trail on north side of Thomas Street

I am writing to advise you of a project that is being planned for the north side of Thomas Street to encourage more active lifestyles including walking and cycling.

Staff have proposed to build a 1.3 km (0.8 miles) multi-use trail on the north side of Thomas Street, between Winston Churchill Boulevard and Erin Mills Parkway, in 2016. This project will replace the existing narrow sidewalk with a 3.0 – 3.2m (9 – 10.5 ft) wide asphalt trail for pedestrian and cyclist use.

The existing on-street parking on Thomas Street will remain. There would be no changes to the road design or operations.

The proposed trail will continue east on Thomas Street in Ward 11, towards Queen Street in Streetsville. The trail will connect to the existing trail to the west on Thomas Street between Winston Churchill Boulevard and Tenth Line (refer to the map on the reverse side of page). Please visit my website at www.ward9.ca and click on City Info/Road Works to view a colour version of the map.

I encourage you to provide your comments on this project. Feel free to contact my office or Ben Gomberg, the City's Active Transportation Manager, at 905-615-3200 Ext 5170 or ben.gomberg@mississauga.ca

Yours truly,

A handwritten signature in cursive script that reads "Pat Saito".
