Project 21-1310A

**NOTICE OF ROAD PAVING**  
**Watermain Replacement and Improvement**  
**Glen Erin Drive**

The Region of Peel will be repairing the road where it was disturbed by our recent watermain construction. We apologize for any inconvenience. Thank you for your cooperation while we finish this work.

### **Schedule**

We expect paving activities to take place on Glen Erin Drive between **May 29 and June 9**.

Regular working hours will be Monday to Friday between 7 a.m. and 7 p.m.

Road paving activities may be delayed due to weather conditions, as paving cannot take place when the ground is saturated with water, or the temperature is below 3°C.

### **Driveway access**

You may not have access to your driveway for a short time as the paving operation crosses your driveway.

### **Parking**

Please do not park Glen Erin Drive from 7 a.m. to 7 p.m. during the dates above. Please ensure the road is cleared of vehicles (and any type of materials) at these times.

### **Traffic impacts**

We may need to reduce traffic to a single lane during paving activities. Work will be phased to minimize traffic disruption in the area. If we must reroute traffic, we will place signs giving directions.

### **Safety during construction**

Construction zones require extra caution to keep everyone safe – pedestrians, cyclists, drivers, and construction workers. When driving, walking, or biking through the construction area, please be aware of your surroundings, watch for construction crews and other road users, slow down, account for delays, and consider other routes if possible. To learn more about how to stay safe in construction zones, visit [peelregion.ca/workzonesafety](https://peelregion.ca/workzonesafety)

### **Keeping you informed**

Receive timely updates right to your inbox by signing up for e-notices at [peelregion.ca/construction](https://peelregion.ca/construction)
